Supply scope and quotation terms

Issued 08 October 2026 | Valid through 23 October 2026

Complete door set includes

Door slab, door frame, casing strips, hinges, ordinary lock and handle.
Electronic lock options are charged separately as listed on page 5.
Door slab only is supplied without the complete-set components.

Reference dimensions and construction

Base price: opening H 2170 x W 970 mm; wall thickness 300 mm.
Catalogue maximum standard opening: H 2400 x W 1000 mm.
Height above 2170 mm is subject to the published surcharge.
Widths above 970 mm require a project quotation, including widths up to 1000 mm.
Transom total height is the overall opening height, including the top panel.
The 2470-2800 mm rule is for transom construction, not a full-height door slab.
Slab thickness, frame profile, surface material and hardware specification are confirmed in the approved order drawing and specification.
Standard core: tubular particleboard. Available upgrades are listed on page 4.

EXW supply and payment

Prices are EXW at the agreed MIAOKE factory collection point in China.
Transport, freight, measurement and installation are not included.
CNY is the primary quotation and settlement currency.
USD amounts are indicative conversions of the rounded CNY selling prices.
Conversion: USD 1 = CNY 6.6930; CNY rounded to whole yuan, USD to 2 decimals.
The exchange rate is fixed for this price-list edition during its validity period.

Ordering and validity

Price-list validity: 15 days from issue, through 23 October 2026.
Minimum order: 10 door sets. Sample orders require a separate quotation.
Confirm model, finish code, opening dimensions, wall thickness, handing, quantity, core and lock option before production.
Special grooves, nonstandard designs and unresolved details are quoted separately.
Final scope, prices and collection location are confirmed in the formal quotation.
